

Cyber Hygiene Certificate

Frank Valiant AB
556961-0321

Registration date: **2023-08-21**
Expiry date: **2024-08-21**
Declaration: **SE202308-001M**

This cyber hygiene certificate verifying that the organization has a systematic work with their cyber hygiene. As part of a good cyber hygiene, not only the own organization is checked, but holders of this certificate also control the cyber hygiene of their suppliers.

OneMore Secure's cyber hygiene certificate is based on verified controls that are accepted in the market for good cyber hygiene and cover the following areas;

IT-SECURITY	INFORMATION SECURITY	GDPR	SECURITY CULTURE
This section cover IT-Security controls as antivirus, Backup, firewalls, service provider etc.	This section covers Information Security controls of integrity, confidentiality, and authenticity.	This section cover laws applicable to the operations of GDPR.	This section covers awareness training, information operations, organization etc.

OneMore Secure is only responsible for the validity based on the organisations own answers.
